Datasym Introduces the Sewoo Printer

Brantford ON, October 1 2010- Datasym introduces the Sewoo thermal printer, standard USB interface with serial, parallel, and ethernet options.

The Sewoo thermal printer is a fast and efficient printer, running at a print speed of 200mm/second and it has full support for the Epson command set. The printer comes equipped with an adjustable paper size option ranging from 50mm to 82.5mm, as well as an auto cutter and 180 DPI with bar code support.

This industry standard printer is compatible with Datasyms EliXR series terminals and the serial version can be used as a standalone journal printer for the XR650 and SC6000 series. It can be used for any retail receipt printing needs.

Datasym POS Inc. is a leading edge Point of Sale company based in Brantford, ON. Canada with distribution facilities in Niagara Falls, NY, USA. Datasym develops hardware and software solutions for small to large companies across a multitude of industries.
