**Datasym Expands Pin Pad Support Options to the XR650 (1.1)**

Datasym announced today the XR650 (1.1) POS system has more options for electronic payment terminals with the addition of Ingenico Pin Pad Models, i3070, i6550 & i6780. The environmentally friendly XR650 is a cost effective POS system that provides the powerful, flexible functionality of a PC system, without the threat of virus attacks or system crashes.

The addition of the Ingenico pin pad terminals for the XR650 provides customers with additional hardware choices when seeking solutions. The Pin Pads which can be purchased from POSDATA come loaded with the Datasym application at no additional charge. Constance Courtney, Director of Business Development at POSDATA can be contacted to order the Pin Pads at (727) 474-3036.

Director of Sales/Marketing for Datasym, Bev Gorski said "It is great to offer more options to our customers; anything we can do to simplify the process is a step in the right direction."
